DIYA MERIN BABU

Aspiring ML Engineer | Data Analytics

diyamerinbabu26@gmail.com | +91 7306569462 | linkedin.com/in/diya-merin-babu-576378267 | India

PROFESSIONAL SUMMARY

Motivated M.Tech CSE candidate with a strong foundation in Python, SQL, and data analysis. Experienced in working with structured datasets, building dashboards, and delivering data-driven insights. Seeking a Data Engineering apprenticeship to apply strong analytical and problem-solving skills while growing into data pipeline development and database systems.

TECHNICAL SKILLS

Languages: Python, SQL, Basics of C
Libraries: Pandas, NumPy
Visualization & BI: Power BI, Microsoft Excel
Tools: Jupyter Notebook

INTERNSHIP EXPERIENCE

Data Analyst Intern — Null Class Technology

- Analysed large structured datasets using Python and Jupyter Notebook.
- Designed and delivered interactive dashboards monitoring KPIs to support real-time decision-making.

PROJECTS

Hate Speech Detection using NLP — Published IJERT

- Processed and cleaned large text datasets; built a data preprocessing pipeline (tokenization, word embedding) feeding into a classification model.

Breast Cancer Detection using Deep Learning

- Structured and prepared medical image data for model training, achieving 90% classification accuracy.

Autism Spectrum Disorder Detection

- Built a data pipeline to process behavioural datasets, achieving 88% classification accuracy.

EDUCATION

M.Tech — Computer Science and Engineering — APJ Abdul Kalam Technological University *2024 – 2026*
CGPA: 9.05

B.Tech — Computer Science and Engineering — APJ Abdul Kalam Technological University *2019 – 2023*
CGPA: 8.2

CERTIFICATIONS

- Data Analytics Essentials — CISCO
- Data Analytics with Python — IBM
- Python for Data Analytics and Machine Learning — Udemy
- Introduction to SQL — Udemy

SOFT SKILLS

Communication • Problem Solving • Analytical Thinking • Adaptability • Collaboration • Fast Learner
